

A circular diagram illustrating print margins. It features a large red outer circle, a dashed black middle circle, and a blue dashed inner circle. Three horizontal arrows point from text labels to their respective lines: a red arrow for the outermost line, a black arrow for the middle dashed line, and a blue arrow for the innermost dashed line.

Bleed

Artwork that reaches the cutline needs to extend to the edge of the red line.

Cut Line

This is where your artwork will be trimmed.
(Finished size ordered)

Safety

All text must be kept within the blue line.
