

The diagram consists of three concentric circles. The outermost circle is a solid red line. The middle circle is a dashed blue line. The innermost circle is a dashed black line. Arrows point from the text labels to their respective lines: a red arrow from 'Bleed' to the red line, a black arrow from 'Cut Line' to the black line, and a blue arrow from 'Safety' to the blue line.

Bleed

Artwork that reaches the cutline needs to extend to the edge of the **red line**.

Cut Line

This is where your artwork will be trimmed.
(Finished size ordered)

Safety

All text must be kept within the **blue line**.
